

Prayers of Intercession

Loving and merciful God, forgive us, if in our worship we talk nonsense because we feel it to be appropriate, for saying things to you we would never dream of say to one another.

So please forgive the poverty and inadequacy of our asking.

Bring to harvest the seeds which are sown in faith;

Seeds of hope in situations of despair: sickness and pain, poverty and want, despair and frustration.....

Seeds of faith in places of uncertainty : unemployment and redundancy, bereavement and confusion,

Seeds of love in areas of distrust, hatred and conflict, in areas of belief.....

We thank you God for all your gifts, especially for the fulfilment of the ancient promise that while the earth remains, seedtime and harvest will never cease.

Let the seeds we sow, bring a harvest of joy and peace. Amen.
